FORUM

Continuous Improvement: Getting Better at Getting Better

As we consider the architecture of the new accountability and continuous improvement system, this forum offers the time and space for district teams* to engage in focused discussions that foster consistency of policy, purpose, and practice. Topics of discussion for this year's forum will include:

- **Equity and Access** - *How can we best create systems that ensure equity and access for ALL students?*
- **Instruction** - *How can we best monitor and support instructional shifts for student learning?*
- **Long-term English Learners** - *How can we best reduce the number of LTELs in our schools?*
- **Engagement** - *How can we best engage students, parents, and the community?*
