BELIEF

**Blueprints for Effective Leadership
and Instruction for our English learners' Future**

More than 28% of our county students are English learners. We must attend to the specific language needs of these students as we aim to improve the overall achievement of our learners.

The BELIEF professional learning modules are designed to support district and site administrators in leading the change— building and refining the EL programs within their systems. This comprehensive overview of EL programs and ELD implementation is designed to fit within the confines of the busy administrator's schedule.

Day 1: Thursday, May 18, 2017 from 8:30 am to 3:30 pm

Day 2: Wednesday, June 7, 2017 from 8:30 am to 3:30 pm

The two-day experience will address implementation of Integrated & Designated ELD through six related modules. Modules include:

- current ELD research;
- opportunities to deepen understanding of Integrated and Designated ELD;
- activities to analyze, reflect upon, and refine programs for English learners;
- and follow-up activities to use with staff to support implementation.

Participants are encouraged to attend in teams
