## BELIEF

### Blueprints for Effective Leadership and Instruction for our English learners' Future

**Does your Dashboard data suggest your EL student group needs a new kind of attention?**

**More than 28% of our local students are English learners. We must attend to the specific language needs of these students as we aim to improve the overall achievement of our learners.**

The B E L I E F professional learning modules are designed to support district and site administrators in leading the change – building and refining the EL programs within their systems. This comprehensive overview of systems for EL programs and ELD implementation is designed with leadership teams in mind.

**2018-19 Cohort:**

**Wednesday, November 14, 2018 from 8:30 a.m. to 3:30 p.m.**

The updated one-day workshop will support the time-challenged team by providing an overview of the seven B.E.L.I.E.F. modules, including the new Module 6 on differentiating support for EL student groups including Newcomers and Long-term ELs.

This session will include:

- current EL & ELD research;
- opportunities to deepen understanding of Integrated and Designated ELD;
- an introduction to activities to analyze, reflect upon, and refine programs for English learners;
- ideas to use with staff to support implementation;
- and connections to the ELPAC and California's new English Learner Roadmap policy

**Module Topics:**

- Module 0: Introduction, ELD Foundation
- Module 1: Integrated & Designated ELD
- Module 2: Systems for EL Programs
- Module 3: What ELD Looks & Sounds Like Today
- Module 4: Monitoring EL Progress
- Module 5: Continuous Improvement of EL Programs
- Module 6: Meeting the Diverse Needs of ELs

Teams are strongly encouraged to attend together to apply their learning to their own contexts.

**Is your system prepared to lead the change to best support English learners?**
