Playing to Learn: Arts in Early Education Grades PK-2

All children are born artists! Learn how to tap into this innate ability to unlock the power of creativity and imagination in every student.

Designed to enhance learning in the early elementary classroom, this workshop highlights ways to improve social skills, increase language fluency, and encourage self-expression, through dramatic play and artistic exploration. In this fun-filled session, participants will experience a range of hands-on activities and research-based strategies to engage young learners.

Aligned to the California Preschool Learning Foundations and the K-2 California content standards, this session will showcase practical techniques for meaningful arts integration.
