

Tic - Tac - Toe Math

<p>Find a shape in your house. Draw a picture of the object, name the shape of the object, and write down three things you know about your shape. (1.OA.1)</p>	<p>Count to 120 while jumping up and down or hopping on one foot. (1.NBT.1)</p>	<p>Create a story problem using addition or subtraction. Write a number sentence and draw a picture for your story problem. (1.OA.1)</p>
<p>Measure 5 objects in your house using an object (for example, a spoon). Record the objects you measured and how many objects (spoons) long they are. (1.MD.2)</p>	<p>Ask a family member to say 3 two-digit numbers. For each number, tell them the number that is 10 more and the number that is 10 less. (1.NBT.5)</p>	<p>Write your numbers to 120 using a different color each time you get to a ten. (1.NBT.1)</p>
<p>Find three objects around your house. Measure the length of each object. Draw a picture of each item, record their lengths, and write a sentence about their lengths. (1.MD.1)</p>	<p>Write 5 number sentences for ways to make 20. Include both addition and subtraction number sentences. Include equations using two, three or more numbers. (1.OA.6)</p>	<p>Have a family member help you write the time of day three times this afternoon or tonight. Draw a clock with the time and describe what you were doing at each of these times. (1.MD.3)</p>
