This network provides the space for educators to exchange ideas and explore model practices in order to improve outcomes for English Learners. In addition, the most up-to-date information from California Department of Education and the U.S. Department of Education will be shared to support district/school work towards achieving English language proficiency and meeting academic content standards.

Topics include the following:

- Title III Updates
- Federal Program Monitoring (FPM)
- CA Accountability System
- Parent Engagement
- English Language Development (ELD)
- ELD Standards
- English Proficiency Assessments for California (ELPAC)
