#1 MAIN IDEA

Ok, let's start with the main idea of Front Desk. The main idea of this book is really something deep. It could really apply to any one at some point. The main idea of this book to me, means that it doesn't matter what age or race you are you can still achieve your dreams.

SUPPORTING DETAILS

Detail 1

This is sentence from the book that I thought would go with what I said in the main idea. "Now when they turned around, they only made slanted eyes at me." Meaning that students in her class were making fun of her race.

SUPPORTING DETAILS

Detail 2

Like said in the main idea it doesn't matter how old you are to achieve your dreams. In this case Mia is only ten. Mia want to win a motel so she and her parent would not be under the supervision of Mr.Yao. This a another sentence from the book."Lupe wrote something on a paper then gave it to me,"You can't win if you don't play".

LAST BUT NOT LEAST

Last but not least...

Front Desk is an amazing book. It is filled with action, emotion and even a touch of romance. This is a book that is good for all ages. I even had my brother read it and he actually really liked it. Furthermore, this book is a book for all audiences.
